

Virtual Mini Symposium on HTLV-1 Leukemogenesis

March 12th, 2021

6:00 pm - 8:10 pm

(March 12th, 2021 9:00 am - 11:10 am in UK)

Timetable

6:00 pm -

6:05 pm

(9:00 am - 9:05 am)

Opening Remarks

Masao Matsuoka, MD, PhD

Kumamoto University, Japan

6:05 pm -

6:35 pm

(9:05 am - 9:35 am)

Can the development of ATL be predicted?

Aileen Rowan, PhD

Imperial College London, UK

6:35 pm -

7:05 pm

(9:35 am - 10:05 am)

Molecular mechanisms of leukemogenesis by HTLV-1

Jun-ichirou Yasunaga, MD, PhD

Kumamoto University, Japan

7:05 pm -

7:35 pm

(10:05 am - 10:35 am)

Elucidation of HTLV-1 pathogenesis by single cell approach

Yorifumi Satou, MD, PhD

Kumamoto University, Japan

7:35 pm -

8:05 pm

(10:35 am - 11:05 am)

Chromosomal position determines HTLV-1 proviral survival in vivo

Charles Bangham, MD, PhD

Imperial College London, UK

8:05 pm -

8:10 pm

(11:05 am - 11:10 am)

Closing Remarks

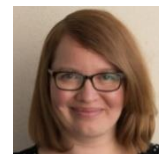

Charles Bangham, MD, PhD

Imperial College London, UK

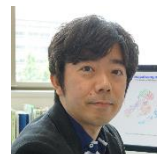

Speakers

Charles Bangham, MD, PhD

Aileen Rowan, PhD

Yorifumi Satou, MD, PhD

Jun-ichirou Yasunaga, MD, PhD

Inquiry

- This symposium will be held online.
